

## ARTICLE HIGHLIGHTS

- > The Toronto Institute of Aesthetic Plastic Surgery: Dr. Trevor Born  
199 Avenue Rd., 2nd floor,  
416-921-7546, drborn.ca.
- > Part of the 199 Avenue Road crew, Dr. Trevor born is best known for facial rejuvenation, but he's a great breast guy, too. He specializes in microfat contouring, a process that takes the patient's own body fat and uses it to add volume to facial tissue. Artecoll is one of his injectables of choice – it gives great results that last up to two years.
